

Mrs. Thiessen's 4th Grade Classroom

Happy Friday Everyone!

It's our second to last Friday!! This week students did an AMAZING job being flexible with our schedule and the amount of tests and end of year assessments we had to take. We are continuing our Topic 17 - Step Up to 5th Grade next week. Along with our end of year poetry project in writing and class novel read in reading. Social Studies we are continuing our chapter 8 on Government for all of us.

Next week as the final week will have a lot happening daily. Thursday is field day (weather permitting) please make sure that students pack a sack lunch that day as we will have lunch outside after our field day time. School lunch will still be available as well for those that want it. We will also slowly be cleaning out our desks & lockers later in the week. Please make sure students bring a second bag with them to bring all their items home.

Spelling - DONE FOR THE YEAR!!!! =D

Planners/Homework - Planners should be filled out and reflect what we do during the day. Homework should be highlighted, however it can also be bubbled (as this is what we do on our white board in the room). Students' new monthly reading log should be with them and filled out. I will look at it and take it for a grade at the end of the month.

Italian Friends - We are continuing our weekly penpal project with our Italy Friends. This allows students to interact with other students their age whose school and life experience is different than theirs.

Mrs. Thiessen's 4th Grade Classroom

Weather & Recess -We have now been allowed to relax our recess rules on students inter mixing with other classes. Students are now allowed to be in all areas of the playground with other classes.

Class communication is very important and I have set up multiple ways for you to not only communicate with myself but see what your student is doing through the day.

1) Our class website will always have a weekly newsletter letting you know what we did that week. It will also have important information for upcoming things in the district, school and our room.

<http://mrst-classroom.weebly.com/>

2) Our class facebook page is another quick way for you to see what we are doing throughout the day as well. This is a fun way of keeping extended family involved as well.

<https://www.facebook.com/Mrs-Thiessens-Classroom-621762431804873>

3) Remind is a quick form of communication where I can push reminders out to you or where you can “text” me.

Our class code is: 9b6ba8

Please do not feel that you need to use every form of communication. The most important one will be our class website where it will have all of the information that you need, I will NOT be sending weekly newsletters via email.

This Coming Week...

Math: We will be continuing our topic 17; Step Up to 5th Grade.

Reading: We will be finishing out the year doing a whole class novel read.

Writing/Grammar: Students will be finishing up their work on different types of poetry.

Science: We will continue our investigations with investigation on Freshwater Environments.

Nebraska History: We will keep working on Chapter 8; Government for all of us.

Have a great weekend!!!

Mrs. T
